D01 Awards Reception

June 26, 2023

D01.94

Cynthia Gosselin - Chair

www.astm.org

George Pilcher– Lifetime Excellence & Appreciation Award

Nominated by David Cocuzzi

Award Citation

In recognition of your five decades of significant contributions and exceptional service to Committee D01 as an officer, subcommittee chair, technical contact and ballot participant that furthered ASTM standards within many industries, particularly for Coil Coating developments

– Active Member of ASTM since 1971

– D01 Subcommittee Offices

- Committee D01.90: Executive board member: 1995-2005
- Subcommittee D01.53 Coil Coated Metal – Subcommittee Secretary: 1971-1980
- Subcommittee D01.53 Coil Coated Metal – Subcommittee Chair: 1980-1995
- Subcommittee D01.55 Factory Applied Coatings on Preformed Parts – Chair: 2000-2005

– Significant Accomplishments

- Led a wholesale change within the coil coating industry to rigorously update National Coil Coating Standards as ASTM Standards. This led to greater visibility and acceptance of coil coated products in all industries, especially automotive, building and construction, appliance and HVAC.

– Other ASTM Committee Activities

- Significant contributor to a 10-year weathering study jointly sponsored by D01 and G03. Paint chemistries used for coil coating were exposed to both real-time and accelerated weathering exposure testing. The resulting data was subsequently analyzed using the Spearman Rank methodology. Those results are still in use today within many standards and practices
