ASTM International Technical Committee E18 on Sensory Evaluation

SCOPE

The scope of the Committee shall include all activities pertinent to the development of standards and technical publications, to enhance the practice of sensory evaluation through the education of professionals in sensory and consumer research, to develop and promote conformity to accepted best practices, and the stimulation of research for the sensory evaluation of products, materials, information and services.

TECHNICAL SUBCOMMITTEES

- E18.01 Terminology
- E18.02 ISO
- E18.03 Sensory Theory and Statistics
- E18.04 Fundamentals of Sensory
- E18.05 Sensory Applications--General
- E18.06 Food and Beverage Evaluation
- E18.07 Personal Care and Household Evaluation
- E13.19 Separation Science

KEY DOCUMENTS

E253 — Standard Terminology Relating to Sensory Evaluation of Materials and Products

E1958 — Standard Guide for Sensory Claim Substantiation

E2454 — Standard Guide for Sensory Evaluation Methods to Determine the Sensory Shelf Life of Consumer Products

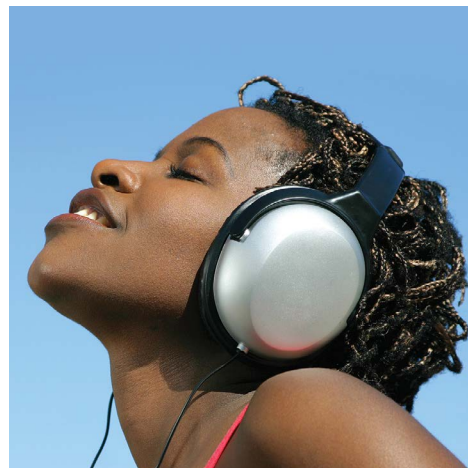

Manual 26 — Sensory testing Methods: 2nd Edition
