- F08.69 Commercially-Installed Sports-Specific Equipment for Use in Public Venues
- F08.80 Common Terminology, Methods and Laboratory Practices

March 2021
Formed in 1969, ASTM Committee F08 develops standard test methods, practices, terminology, and guides, sponsors symposia, stimulates research, and exchanges technical information pertaining to sports equipment, playing surfaces, and facilities. The goal of the committee is to reduce inherent risk of injuries and promote knowledge as it relates to these standards.

**F08 Key Standards**
- F1292 – Standard Specification for Impact Attenuation of Surfacing Materials Within the Use Zone of Playground Equipment
- F1749 – Standard Specification for Fitness Equipment and Fitness Facility Safety Signage and Labels
- F2276 – Standard Specification for Fitness Equipment
- F3496 – Standard Specification for Polyaromatic Hydrocarbon (PAH) Content in Synthetic Turf Infill

**Women’s Lacrosse Equipment Certification Program**
The Safety Equipment Institute (SEI) and US Lacrosse introduced a certification program for women’s lacrosse headgear and goggles. The certification program supports recently-approved rules language that requires such equipment made after January 1, 2018 to be SEI-certified. The program will certify headgear and goggles to meet the requirements of two key standards:
- F3077 – Standard Specification for Eye Protectors for Women’s Lacrosse
- F3137 – Standard Specification for Headgear Used in Women’s Lacrosse (excluding Goalkeepers)

**How You Can Contribute to Sports Equipment, Playing Surfaces, and Facilities Standardization**
Membership in ASTM International is open to all who have an interest in fields covered within the Society.

**Just a few benefits you will receive when you join ASTM:**
- Network with other professionals worldwide;
- Have direct input into the development of new and revised standards;
- Participate in informational webinars;
- Receive a free volume of the *Annual Book of ASTM Standards*;
- Enjoy discounts on all ASTM publications;
- Receive free subscription to *ASTM Standardization News* and *ASTM eNews*; and
- Benefit from reduced attendance fees at ASTM symposia and technical workshops

**Become an ASTM Member**
